About Terra Rossa

The Fertile Green Crescent, which covers Palestine, Jordan, Syria and Lebanon, is home to some of the oldest olive trees dating back to the time of Jesus Christ. The Olive trees are planted in the "Terra Rossa" (Red Soil) region which is the biblical name given to this part of the Middle East. With its magnificent Mediterranean climate, this region has the ideal soil for cultivating olive groves, citrus fruits and grape vines. Growing and nurturing olive trees is embedded in the local culture and olive oil has been used for food, medicine and light in this part of the world for well over 6000 years.

Terra Rossa was established to bring awareness to exquisite Arabian cuisine and offers 7 premium flavours of award-winning Jordanian Olive Oil: Sinolea, Evoo, Basil, Lemon, Chilli, Garlic and Mint, which are traditionally eaten as a snack or an aperitif by dipping a piece of bread into the oil and then into a herb mix such as Herby Zaatar thyme, Spicy Dukka Coriander or Zesty Sumac.

The Sinolea is extracted using a natural cold drip method and is unfiltered whilst the Evoo is extracted using a centrifugal first cold pressed method and is then filtered. The infused oils are made from infusing the Evoo oil with the very best of fresh Jordanian herbs and fruits.

We have recently expanded our range to include two International award-winning ultra premium extra virgin olive oils from Morocco: Desert Miracle and Les Terroirs de Marrakech, which currently ranks 3rd in the world.

We're also proud to support and distribute Zaytoun's Fair-Trade and Organic olive oil from Palestine.

Together with our herb mixes Zaatar (made primarily from thyme, sesame seeds and sumac), Dukka (made primarily from coriander, sesame seeds and sumac) and Sumac (a lemony berry) they make the perfect dips for lovers of fine food and those who care about the origin and purity of the foods they consume.

Our delicious oils make ideal gifts for foodies as they are presented in elegantly packaged bottles, ceramic jugs, dipping pots, and packaged in jute bags, fancy cartons and presentation boxes.
