

## Relish the Taste!

A fabulous new recipe has been cooked up in the kitchens of Arabian food specialist Terra Rossa bringing the exquisite flavours of Jordanian herbs and spices combined with fresh aubergine, tangy tomato and just enough chilli to add a small amount of heat.

Those who have already experienced Terra Rossa's delicious hand-made Anglo-Arabian dips and sauces will be eager to try this latest new **Aubergine and Tomato Relish**.

Based on the Great Taste award-winning Zaatar Passata, this relish is packed with fresh ingredients from tomatoes to roasted aubergines that are lovingly flavoured with exotic herbs from the Middle East including Jordanian Zaatar thyme mix, Sumac citrus berries, Pomegranate and Date molasses. Naturally, it contains Terra Rossa's award-winning extra virgin olive oil adding a little extra bit of sunshine into every single jar.

Just like all of Terra Rossa's sauces and dips, the Aubergine and Tomato Relish is incredibly versatile; delicious spread onto bread or toast and the perfect pizza topping especially when combined with cheese and Terra Rossa's Zaatar Sauce that is enhanced with the crunchy texture of roasted sesame seeds and pine nuts. Hanan Samara of Terra Rossa explains: "Its delicious flavours transform any stew, simply fry some onion and garlic, and once softened add the vegetables, meat or fish of your choice, and stir in a few tablespoons of the relish and enjoy with couscous or rice."

It makes pasta an extra-special treat for the taste buds and is often enjoyed as a topping for Houmous, Baba Ghanoush and Avocado dips. For those who like it hot, add a mouth-watering touch of spice with Terra Rossa's hot chilli sauce Dukka Harrisa, which is hugely popular in Arabian regions and the real icing on the cake for this dip.

In fact, if you love Arabian food this Terra Rossa relish guarantees to add an aromatic essence and rich flavour to any dish you cook. Aubergine and Tomato Relish has an RRP of £4.50 for a 170gm jar and is distributed directly to food outlets by Terra Rossa.
